Annually Funded (Example: Scholarship Pool fund)
Funded and spent in the same year. The most common 'EA's' are for departmental scholarship pool funds, but there may be other uses for 'EA' funds. Scholarship pool funds are established for each dept. & all gifts for annually funded scholarships are placed in that pool fund. The contributed funds are awarded each year, and not accumulated. NO FEES are charged, and NO INTEREST is earned. $5,000 minimum to open.

Temporarily Restricted (Exp: Departmental general fund)
When $5K or more will be raised for a dedicated purpose, the Dept. Chair & Dean should request a new fund and sign a fund agreement. The $5K minimum is to be raised within 12 months. NO FEES (other than new gift fees) are charged, and NO INTEREST is earned. If fund fails to reach $5K, or if there is a small balance in the fund, the Foundation may close the fund and move the balance to the department's general fund. If the amount reaches $25K, the Chair & Dean may request that it be used to create an endowment. Most departmental priority/discretionary funds are 'ET' funds.

General Unrestricted (Board Designated)
Unrestricted fund designated by the Board of Directors for a specific purpose. NO INTEREST is earned and fees which apply include the new gift fee, annual fund fee and Dean's fee (if applicable). Typical funds in this category are funds for non-academic areas that generally do not receive external contributions, but that still have need of foundation-type funds for some program expenses.

| **EU** | **Endowment-Underwater** - Restricted fund set up by the donor(s) of the endowment by the same name (usually for scholarships); this fund could be used when an endowment is underwater, but the donor wishes for scholarships to continue to be awarded; the donor must explicitly state that his or her money is to go into this fund, rather than to the corresponding endowment; the purpose of this fund is exactly the same as that of the corresponding endowment. NO FEES are charged to this fund and NO INTEREST is earned. |

| **EZ** | **Quasi-Special Endowment (Temporarily Restricted)** - Funds in this category have endowment tendencies, but the principal can be invaded and/or other irregularities. If fund fails to reach $25K, or if there is a small balance in the fund, the Foundation may close the fund and move the balance to the department's general fund. If the amount reaches $25K, the Chair & Dean may request that it be used to create an endowment. FEES are charged, and receives INTEREST. These funds are better for long-term planning, rather than short-term needs.  

*Note that for ALL funds, the second letter indicates the PURPOSE of the fund - when in doubt as to how a particular fund works, look at the second letter.* |

| **MA** | **Annually Funded (Example: Scholarship Pool fund)** Funded and spent in the same year. The most common 'MA's' are for departmental scholarship pool funds, but there may be other uses for 'MA' funds. Scholarship pool funds can be established for each dept. & all gifts for annually funded scholarships that don't already have a stand-alone, specifically named fund are placed in that pool fund. The contributed funds are awarded each year, and not accumulated. NO FEES are charged, and NO INTEREST is earned - these should be simple, money in/money out, low maintenance funds. $2,000 minimum to open (unless concurrently setting up endowment). |
