

From the Desk of Dee Bowling, AVC Financial Services

We've just completed our first weeks of working under the most unusual circumstances because of the COVID-19 virus. I think what makes the urgency of this situation different is the unknown. We've never had a pandemic affect us so directly and guidance is changing day by day.

I thank all of you for your efforts in adjusting to the challenges of COVID-19. Some of you are still working on campus while others are teleworking. I most sincerely appreciate all that you are doing to support the university at this critical time.
