

Social Security Number Request

Frequently Asked Questions

Per state, federal, and Internal Revenue Service (IRS) guidelines, beginning in 2013, East Carolina University (ECU) will request that all students provide their Social Security Number (SSN) or Individual Taxpayer Identification Number (ITIN) for reporting purposes.

Why is my SSN/ITIN being requested?

Per state, federal, and Internal Revenue Service guidelines, East Carolina University is required to verify Social Security Numbers (SSN) and Individual Taxpayer Identification Numbers (ITIN) annually for accurate tax reporting on 1098-T forms. Having an accurate SSN/ITIN on tax forms supports the tax deduction that a student or family may claim for qualified educational expenses on both federal and state income tax returns. Failure to provide ECU with an SSN/ITIN may result in the student being fined \$50 in accordance with Internal Revenue Code Section 6723

How do I verify my SSN/ITIN?

When students login to Pirate Port, they will see a popup message requesting them to verify their SSN/ITIN. Once a student has typed in their SSN/ITIN, they will receive a confirmation that the SSN/ITIN matches ECU's records. If the student's SSN/ITIN does not match ECU's records, the student will be alerted and an email will be sent to the student's ECU email address.

Can I verify or update my SSN/ITIN information using another method?

To make the verification process simple for students, ECU is requesting that all students use the Pirate Port online pop up tool to verify their SSN/ITIN information.

If you are unable to complete the verification online, you may:
